REUNION OF FOURTH IMMUNES AT FREDERICKSBURG.

As the reunion of the 4th Immune Regiment at Fredericksburg, July 4, approaches the men who served during the Spanish war are becoming more interested, and the slogan of "on to Fredericksburg" is more general. The committee having the reunion in charge is besieged by persons seeking information as to rates, time of trains, accommodations, etc., and for the first time can now give the desired information. The fare will be \$1.65 on all trains leaving the Penndricks revealed him as drawing an enorm-ous salary from the society ostensibly for legal services. The court records in recent years show no causes where the name of Chauncey M. Depew, lawyer, appears. Mr. Depew is on his way to Europe. sylvania station for Fredericksburg July 3, and on the morning trains of July 4. This makes the rate for the round trip equal to

The committee has also received replies to its letter of invitation from the department Got More When Democrats Were In. and various camps of United Spanish War Veterans, the Grand Army of the Republic and the Confederate Veterans' Association, and the prospects are that the historic old town will have a large crowd to care for, especially on Independence day. The citizens' committee assures the veterans that it will be able to care for all. The decorations are being put in place and the town is gradually assuming a holiday attire, and everything will be ready for the inspection of the reunion committee, which will leave this city on Sunday.

The fact that the old opponents of 1861-65

are to fraternize at this reunion and march shoulder to shoulder can be easily explained, for the reason that the 4th Immunes was probably the most cosmopolitan regiment organized in 1898, or in any other year. In its ranks could be found the sons of men who fought for and against the Union in the civil war, and men who had been Indian fighters and in service on foreign soil. The regiment was raised in Virginia, West Virginia, Maryland and the District of Columbia and had for some of its officers the sons of such well-known officers of confederate fame as Pickett, Longstreet, Wise, Preston, Peyton, Throckmorton, Berkeley, Marshall, Johnson, Holmead, Clinton, Woodside, Monroe, Baldwin, Lipscomb, Barbour, Treadwell, Coots, Parker, Maloney and others, while the Union side was represented by the sons of Pettet, Cole, Landon, Henry, Phillips, Mellach, Starke, Broome, Wilson, Brian, Browning, Lolley, Wright Wilson, Brian, Browning, Jolley, Wright, Leary and others, and, strange as it may seem, the sons, both officers and privates, were about equal in numbers.

These boys of 1898 drilled and learned the maneuvers of war amid the scenes where their fathers struggled in deadly conflict, and here they learned the value of true comradeship.

The department commander of United Spanish War Veterans and his staff will leave for the camp ground Monday evening, arriving in time for the reception by the mayor and for the camp fire, and it is expected Miles Camp will accompany the commander. The invited guests are expected to leave for the reunion on the 7:40 and 10:50 trains the morning of the 4th.

At a meeting of the 4th Immune Camp
held Wednesday evening the commander,
Joseph L. May, was authorized to transfer and unfurl the colors upon the camp ground during the reunion and hold such special meetings as may be deemed necessary for

the mustering of recruits.

The commander-in-chief of the nation organization will be represented by Capt. R. H. Wood, national councilman, who will have his headquarters in the rooms of the M. B. Rowe Camp, U. S. W. V., located at

Hand-Fish Prices.

There has been a decided increase in the receipts of watermelons this week, and a corresponding decrease in price. Fine Georgla melons that were bringing \$1 each a short time ago are now to be had at from 35 to 50 cents. Most of the melons now in the market are from Georgia, and dealers say they are much better than those from Florida. Georgia canteloupes are also becoming more plentiful and cheaper. They are to be had at from 5 to 20 cents each, and most of them, it is stated, are sweet, There has been a big improvement in the quality and quantity of peaches during the past week, and cheaper prices prevail. New celery from an Anacostia grower is in market. It is not yet large, but, it is said by dealers, will soon equal that from Michigan. Five cents a stalk is the price charged for it. Sugar corn of the Adams early variety is quoted at 50 cents a dozen, while the field corn is 25 cents. There is no longer any demand for southern tomatoes, as the crop from the gardens in this section is increasing every day, and they are far superior to that from a distance. The Fish Market.

There is not much particularly attractive stock in the fish market at this season, but dealers are experiencing no trouble in getting stock enough to supply the demand. New York pogles are in good condition and find ready sale at 12% cents a pound, while sea bass, trout and butter fish are quoted at 10 cents. Sea bass are regarded as being almost as good as rock fish. The meat is about the same, but the coating of black skin makes considerable difference in their appearance. Black bass are 20 cents a pound, Spanish mackerel, white perch and blue fish are each 15 cents a pound. A few white perch are being received from the Potomac, but most of them are small. Soft crabs are still scarce and are selling at from 75 cents to \$1 a dozen. Crab meat is selling at 30 cents a quart and flake meat at 50 cents. Shrimp are \$1 a gallon and frogs are 50 cents a pound. Snappers are plentiful and in demand at 10 cents a

very surprising statements concerning the condition of the life insurance business in New York. The superintendent told the governor that his preliminary report was not as satisfactory as he could have wished it to be because of the limited time in which he had to prepare it. He said that he had promised the agents of the Equitable when they called on him at Syracuse seven or eight weeks ago that he would have his report ready by the 15th of June and that he had tried to make good that promise.

He also told the governor that since he had undertaken the investigation of the Equitable he had come to the conclusion that the conditions prevailing there were and the first game of the season will then be on hand. There is nothing in the game line to be had now except squabs, and they are to be had at 25 cents each. It is said that woodcock promise to be more plentiful this season than they were last year, and dealers expect to have some on hand the first thing in the morning. There will be no other game in season until September I, when reed birds, ortolan and other game will be permitted to be sold. Spring chickens, Long Island ducks and fowls are taking the place of game. Chickens are in great demand and shipments are increasing as the season advances.
